

**TO WHOM IT MAY CONCERN**

This is to certify that Mulastham Veeran was employed as an Information Security Analyst in the Networks and Security department from Mar 2nd, 2020 to April 30, 2021.

His gross annual income was Rs. 2,40,000 per annum during his termination of employment from the Suwaneer Technologies Pvt. Ltd.

During his employment, his services were found to be satisfactory in carrying out the following duties:

1. Install security measures and operate software to protect systems and information infrastructure by analyzing previous data, including firewalls and data encryption programs.
2. Fix detected vulnerabilities to maintain a high-security standard.
3. Investigate security breaches and other cyber security incidents.
4. Develop company-wide best practices for IT security.
5. Work with the security team to perform tests and uncover network vulnerabilities.
6. Monitor for attacks, intrusions and unusual, unauthorized or illegal activity
7. Track performance metrics and provide timely updates.
8. Document security breaches and assess the damage they cause.
9. Stay up-to-date on information technology trends and security standards.
10. Research security enhancements and make recommendations to management.

I can further attest that he has done an excellent job in the performance of the enumerated duties and responsibilities and has always been very professional during his tenure. In addition, he was always a responsible person and was highly recommended by his superiors about it. Nevertheless, we wish him all the best in all his future endeavors.

Yours Sincerely,

For Suwaneer Technologies Pvt Ltd,

  
**Rajkamal**
